Summary

As a new learner of programming, I am eager to expand my knowledge and skills in the field. Along with my interest in programming, I also have experience as a computer technician troubleshooting hardware issues and providing reliable service. I have a basic understanding of programming languages such as Python, Android Java, HTML, CSS, and JavaScript, and I am excited to continue developing my skills to become a proficient programmer. I am a motivated and dedicated individual who is committed to building a successful career in the field of programming.
